

Western Forest Products Inc.

December 8, 2006

Mr. Greg Hemphill
District Manager
Ministry of Forests and Range
7077 Duncan Street
Powell River, BC
V8A 1W1

Dear Mr. Hemphill:

Re: Western Forest Products Inc. - Forest Stewardship Plan

On July 14, 2006, we submitted for approval a Forest Stewardship Plan for the Forest Operations of Queen Charlotte Islands, Mid Island, Stillwater, Port Alberni and Portions of Mainland Coast, Nootka Sound and Zeballos.

We now enclose a copy of the Plan that includes the modifications made since then. Also enclosed are discussion papers on Stocking Standards and Invasive Plants as requested. A CD with revisions to the FSP maps and VQOs is being sent separately.

The Certification of the Forest Professional and Signature of the Person Required to Prepare the Plan are unchanged, but we confirm they apply to the enclosed copy of the Plan.

We look forward to receiving your approval.

We note that, under FRPA s.6(1)(b), the term of an FSP begins on the date specified in writing by the minister or delegate in approving the FSP, and we propose for your consideration that the date be December 18th, 2006.

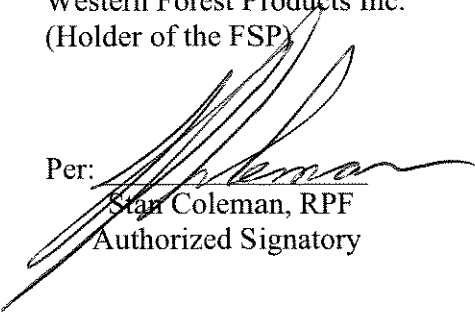

Yours truly,

Signing Professional
