MANAGEMENT INFORMATION CIRCULAR

PART ONE – VOTING INFORMATION

SOLICITATION OF PROXIES

This Management Information Circular (the “Circular”) is furnished in connection with the solicitation by management of Western Forest Products Inc. (“Western”, the “Corporation”, “us”, “we”, or “our”) of proxies from owners of common shares (“Common Shares”) of the Corporation for use at our Annual Meeting of Shareholders (the “Meeting”) referred to in the accompanying Notice of Meeting (the “Notice”) to be held at the time and place and for the purposes set forth in the Notice. The solicitation of proxies will be primarily by mail, but proxies may be solicited personally or by telephone by directors, officers or employees of the Corporation. The cost of solicitation will be borne by the Corporation. Unless otherwise specified, all information provided in this Circular is as at March 31, 2014 and all dollar amounts are in Canadian currency.

APPOINTMENT OF PROXIES

The persons named in the enclosed form of proxy are management representatives and are directors and/or officers of the Corporation.

Each shareholder has the right to appoint any person or company, who need not be a shareholder of the Corporation, other than the persons named in the enclosed form of proxy to represent such shareholder at the Meeting or any adjournment thereof. This right may be exercised by inserting such person’s name in the blank space provided in the form of proxy.

The completed form of proxy must be deposited with our registrar and transfer agent, Computershare Investor Services Inc. 100 University Avenue, 9th Floor, Toronto, Ontario M5J 2Y1, Attention: Proxy Department, not later than 9:00 a.m. Pacific Daylight Time (12:00 p.m. Eastern Daylight Time) on May 6, 2014. Instructions for voting by telephone or via the Internet are located on the enclosed form of proxy.

NON-REGISTERED HOLDERS

Only registered holders of our Common Shares, or the persons they appoint as their proxies, are permitted to attend and vote at the Meeting. However, in many cases, Common Shares beneficially owned by a holder (a “Non-Registered Holder”) are registered either:

- a) in the name of an intermediary (an “Intermediary”) that the Non-Registered Holder deals with in respect of the Common Shares, such as, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans; or
- b) in the name of a depository, such as CDS Clearing and Depository Services Inc., (the “Depository”) of which the Intermediary is a participant.

In accordance with the Canada Business Corporations Act (“CBCA”) and Canadian securities law, we have distributed copies of the accompanying Notice, this Circular, and the 2013 Annual Report (collectively, the “Meeting Materials”) to Intermediaries for onward distribution to Non-Registered Holders who have not waived their right to receive them.

Non-Registered Holders who have not waived the right to receive the Meeting Materials will receive either a voting instruction form or, less frequently, a form of proxy. The purpose of these forms is to permit Non-Registered Holders to direct the voting of the Common Shares they beneficially own. Non-Registered Holders should follow the procedures set out below, depending on which type of form they receive.

- a) **Voting Instruction Form.** In most cases, a Non-Registered Holder will receive, as part of the Meeting Materials, a voting instruction form. If the Non-Registered Holder does not wish to attend and vote at the Meeting in person (or have another person attend and vote on his or her behalf), the voting instruction form can be completed, signed and returned in accordance with the directions on the form. Voting instruction forms can be completed by telephone or through the Internet. If a Non-Registered Holder wishes to attend and vote at the Meeting in person (or have another person attend and vote on his or her behalf), the Non-Registered Holder must complete,

sign and return the voting instruction form in accordance with the directions provided. A form of proxy giving the right to attend and vote will be forwarded to the Non-Registered Holder upon receipt of the voting instruction form.

- b) **Form of Proxy.** Less frequently, a Non-Registered Holder will receive, as part of the Meeting Materials, a form of proxy that has already been signed by the Intermediary (typically by a facsimile, stamped signature), which is restricted as to the number of Common Shares beneficially owned by the Non-Registered Holder but which is otherwise incomplete. If the Non-Registered Holder does not wish to attend and vote at the Meeting in person (or have another person attend and vote on his or her behalf), the Non-Registered Holder can complete the form of proxy and deposit it in accordance with the instructions set out in the section titled "Appointment of Proxies", set out above. If a Non-Registered Holder wishes to attend and vote at the Meeting in person (or have another person attend and vote on his or her behalf), the Non-Registered Holder must strike out the names of the persons named in the proxy and insert the Non-Registered Holder's (or such other person's) name in the blank space provided. To be valid, the completed form of proxy must be deposited with our registrar and transfer agent, Computershare Investor Services Inc., 100 University Avenue, 9th Floor, Toronto, Ontario M5J 2Y1, Attention: Proxy Department, not later than 9:00 a.m. Pacific Daylight Time (12:00 p.m. Eastern Daylight Time) on May 6, 2014.

Non-Registered Holders should follow the instructions on the forms they receive and contact their Intermediaries promptly if they need assistance.

REVOCAION OF PROXIES

A shareholder who has given a proxy has the power to revoke it as to any matter on which a vote has not already been cast pursuant to the authority conferred by the proxy and may do so: (1) by delivering another properly executed form of proxy bearing a later date and depositing it as described above; (2) by depositing an instrument in writing revoking the proxy executed by the shareholder or by the shareholder's attorney authorized in writing (a) at our registered office, c/o Davis LLP, Suite 2800, 666 Burrard Street, Vancouver, BC, V6C 2Z7, Attention: Ruby Chan, at any time up to and including the last business day preceding the day of the Meeting or any adjournment thereof at which the proxy is to be used, or (b) as to any matter in respect of which a vote shall not already have been cast pursuant to such proxy, with the Chairman of the Meeting on the day of the Meeting or any adjournment thereof; or (3) by any other manner permitted by law.

A Non-Registered Holder may revoke a voting instruction form or a waiver of the right to receive Meeting Materials and to vote that was given to an Intermediary at any time by written notice to the Intermediary, except that an Intermediary is not required to act on a revocation of a voting instruction form or of a waiver of the right to receive materials and to vote that is not received by the Intermediary at least seven days prior to the Meeting.

VOTING OF COMMON SHARES REPRESENTED BY MANAGEMENT PROXIES

The management representatives designated in the enclosed form of proxy will vote or withhold from voting the Common Shares in respect of which they are the appointed proxy on any ballot that may be called for in accordance with the instructions of the shareholder as indicated on the proxy and, if the shareholder specifies a choice with respect to any matter to be acted upon, the Common Shares will be voted accordingly.

In respect of each matter identified or referred to for which no instruction is given, the management representatives will vote the Common Shares represented thereby in accordance with management's recommendation contained in this Circular.

The enclosed form of proxy confers discretionary authority with respect to amendments to or variations of matters identified in the Notice and with respect to other matters which may properly come before the Meeting. At the date of this Circular, the management of the Corporation knows of no such amendments, variations or other matters expected to come before the Meeting.

VOTING SHARES

As at March 31, 2014, the Corporation had outstanding 391,848,407 fully paid and non-assessable Common Shares. Each registered holder of Common Shares of record at the close of business on the record date of March 31, 2014 (the "Record Date") established for the purposes of determining shareholders entitled to receive notice of and to vote at the Meeting, will be entitled to one vote for each Common Share held on all matters to come before the Meeting or any adjournment thereof either in person, or by proxy. For a description of the procedures to be followed by Non-Registered Holders to direct the voting of Common Shares beneficially owned, see the section above titled "Non-Registered Holders". As at March 31, 2014, the Corporation had no outstanding non-voting shares (the "Non-Voting Shares").

PRINCIPAL HOLDERS OF VOTING SHARES

To the knowledge of our directors and executive officers, the following parties beneficially own, or exercise control or direction over, directly or indirectly, 10% or more of the outstanding Common Shares:

Name and Municipality of Residence of Shareholder	Number of Common Shares	Percentage of Issued Common Shares
Brookfield Special Situations Management Limited ("BSSML") (formerly Tricap Management Limited) ⁽¹⁾ Toronto, Ontario	138,442,610	35.3%

- (1) BSSML acts as manager for and on behalf of Brookfield Capital Partners Fund I ("BCPI") (formerly the Brookfield Special Situations Fund I), and is an indirectly and wholly-owned subsidiary of Brookfield Asset Management Inc. ("BAM").

PART TWO – BUSINESS OF THE MEETING

Annual Report and Financial Statements

The Annual Financial Statements of the Corporation and Management's Discussion and Analysis for the fiscal year ended December 31, 2013, which are included in the Corporation's 2013 Annual Report, will be placed before the shareholders at the Meeting. The Corporation's 2013 Annual Report is being mailed with this Circular to all registered holders of Common Shares, except to those who have elected not to receive it, and to Non-Registered Holders who have so requested. Additional copies of the 2013 Annual Report will be available at the Meeting. Alternatively, the 2013 Annual Report can be requested from the Corporation or accessed through the Corporation's website at www.westernforest.com or on SEDAR at www.sedar.com.

Election of Directors

Seven nominees are proposed for election to the Board at this Meeting. ***The management representatives designated in the enclosed form of proxy intend, unless otherwise directed, to vote for the election of a Board composed of the seven nominees listed below to serve until the next Annual Meeting of Shareholders of the Corporation or until their successors are duly elected or appointed.*** Management has received consents from the proposed nominees to serve as directors, but if, for any reason prior to the Meeting any of the proposed nominees is unable to serve as a director, the management representatives designated in the enclosed form of proxy, unless directed to withhold from voting in the election of directors, reserve the right to vote for other nominees at their discretion.

Majority Voting for Directors

As noted in the section titled "Principal Holders of Voting Shares", BSSML holds approximately 35.3% of the Common Shares. Companies with a significant shareholder, such as BSSML, raise unique considerations in relation to corporate governance. This uniqueness and the prevalence of significant shareholders in Canada have been noted by regulators, market participants and organizations such as the Canadian Coalition for Good Governance. BSSML has the ability to control the outcome of the election of directors by virtue of the fact that it would be unlikely that more votes for an individual director will be "withheld" than voted "for". For this reason, the Board does not believe it is necessary to implement a majority voting policy.

At the Meeting, the nominees will be voted on individually. The voting results for each nominee will be publicly disclosed and the Nominating and Corporate Governance Committee will review and consider the voting results for each individual nominee.

Nominees for Directors

The following pages set out the names and place of residence of the seven persons proposed to be nominated for election as directors by the holders of Common Shares, each to hold office until the next Annual Meeting or until a successor is elected or appointed, along with the principal occupation or employment of each person, major positions with the Corporation, the year in which each person was first elected a director of the Corporation and the number of Common Shares beneficially owned, or controlled or directed, options and deferred share units held by each person as at March 31, 2014.

Director Attendance Report for Meetings Held in 2013

It is the Board's expectation that each member of the Board should attend each meeting of the Board and the committees of which they are a member. However, in circumstances where individual directors are unable to attend a meeting, the Chairman of the Board ("Chairman") or senior management will meet with the absent director at a convenient time after the meeting to brief them on the events of the meeting. Directors are invited to attend all committee meetings.

During 2013, the Board held twelve (12) meetings and its four standing committees held fifteen (15) meetings. Committee meetings included eight (8) meetings of the Audit Committee, four (4) meetings of the Environment Health and Safety Committee, two (2) meetings of the Management Resources and Compensation Committee ("MRCC") and one (1) meeting of the Nominating and Corporate Governance Committee.

The following table summarizes directors' attendance at our Board and committee meetings during 2013:

Director	Board Meetings	Audit Committee Meetings	Environment, Health and Safety Committee Meetings	Nominating and Corporate Governance Committee Meetings	Management Resources and Compensation Committee Meetings
James Arthurs	12 of 12	8 of 8	4 of 4	1 of 1	N/A
Donald Demens ⁽¹⁾	12 of 12	N/A	N/A	N/A	N/A
Lee Doney	12 of 12	N/A	4 of 4	N/A	N/A

In addition to the above meetings, there were six (6) meetings of the two directors (Messrs. Newman and Arthurs) who are unrelated to BAM and who are independent under the standards established by Canadian securities regulation authorities. The directors who are independent of management also meet in camera as a matter of course at regularly scheduled Board of Director meetings.

Appointment of Auditors

At the Board meeting held on February 20, 2014, the Audit Committee recommended the nomination of KPMG LLP for reappointment as our external auditors, subject to shareholder approval. KPMG LLP were first appointed as our auditors effective from our incorporation on April 27, 2004 and have served as our auditors since then. KPMG LLP were the auditors of our predecessor, Doman Industries Limited (including certain of its subsidiaries), from 1999 to 2004. The resolution to appoint KPMG LLP as auditors must be passed by a simple majority of the votes at the meeting cast either in person or by proxy.

Unless the shareholder has specified in the enclosed form of proxy that the Common Shares represented by such proxy are to be withheld from voting in the appointment of auditors, on any ballot that may be called for on the appointment of auditors, the management representatives designated in the enclosed form of proxy intend to vote such Common Shares in favour of reappointing KPMG LLP, Chartered Accountants, as auditors of the Corporation to hold office until the next Annual Meeting of Shareholders, and authorizing the directors to fix the remuneration to be paid to the auditors.

Audit Firm Fees

Aggregate fees billed to the Corporation for the fiscal year ended December 31, 2013 by KPMG LLP amounted to \$774,280. The Audit Committee has adopted a policy regarding the provision of non-audit services by the Corporation's external auditors. This policy requires Audit Committee pre-approval of permitted audit, audit-related and non-audit services.

The following table sets forth further information on the fees billed by KPMG LLP to the Corporation for the past two years:

	Fees Paid

PART THREE – EXECUTIVE COMPENSATION REPORT

The following information is provided pursuant to the executive compensation disclosure requirements contained in *National Instrument 51-102 – Continuous Disclosure Obligations*.

COMPOSITION AND MANDATE OF THE MANAGEMENT RESOURCE AND COMPENSATION COMMITTEE

In accordance with its terms of reference, all members of the MRCC of the Board are independent directors under the standards established by Canadian securities regulatory authorities in *National Instrument 58-101 – Disclosure of Corporate Governance Practices* (“NI 58-101”). The independent directors hold in camera sessions without management present as a matter of practice at each regularly scheduled Committee meeting.

Our executive compensation program is administered by the MRCC. As part of its mandate, the MRCC makes recommendations to the Board with respect to the compensation of the President and Chief Executive Officer and reviews and approves the compensation of all other executive officers including the Chief Financial Officer and the next three most highly compensated executive officers included in the Summary Compensation Table on page 16 (collectively, the “Named Executive Officers”). The MRCC is also responsible for reviewing the design and general competitiveness of our compensation and benefit programs and recommending any changes to the Board.

As at the date of this Circular, the MRCC is comprised of Pierre McNeil (Chairman), Peter Gordon and John Newman. Each of these individuals has held senior executive roles which have included involvement in executive compensation issues. None of the members of the MRCC is an officer, employee or former officer of the Corporation or is eligible to participate in our executive compensation programs. The MRCC members have diverse professional backgrounds as discussed in their respective biographies provided at pages 5 to 7.

The MRCC, in accordance with its terms of reference, meet as required to monitor and review management compensation policies, management succession planning and to review the overall composition and quality of our management resources. In addition, the MRCC oversees the funding, investment management and administration of our employee retirement plans. The MRCC met twice during 2013.

Our Chief Executive Officer is not a member of the MRCC but does make recommendations to the MRCC with respect to the Corporation’s compensation policy and regarding compensation paid to senior officers. No compensation consultant or advisor was retained in 2013.

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Philosophy

Compensation for Executives is primarily driven by performance rewards relative to established plans and strategies aligned with the business goals and objectives. This philosophy strongly focuses on variable pay incentives and ignores any deliberations that might be given to entitlement or seniority. Western’s formula for variable compensation incorporates individual and corporate performance measures.

This approach is designed to achieve two key objectives:

- ◆ Support the Corporation’s ability to attract, develop, motivate and retain high performance leadership individuals; and,
- ◆ Ensure business growth and financial results by focusing decision-making and behavior on goals that are consistent with the Corporation’s business strategy.

Total Compensation

To provide a competitive overall compensation and benefits package that is tied to creating shareholder value and support business strategies, the compensation arrangements for executive officers are comprised of several components, including:

- ◆ base salary;
- ◆ annual incentive awards;
- ◆ long-term incentives (consisting of stock options and deferred share units);
- ◆ retirement savings; and
- ◆ other health benefits.

Each of these components of total compensation is discussed at pages 11-14.

Together, the executive compensation arrangements form a package that is intended to be competitive within the marketplace and to align the executive officers' interests with those of our shareholders. In determining the amount of each element of compensation, as well as the total compensation and benefit package, the MRCC:

- ◆ ensures that total compensation levels are appropriate by reviewing the compensation practices of competitors and other Canadian companies of similar size and composition to the Corporation;
- ◆ considers whether the total compensation packages are internally consistent with each executive officer's relative scope of responsibility and accountability for overall performance;
- ◆ recognizes that the annual incentive plan requires superior individual and corporate performance in order to achieve target compensation awards;
- ◆ exercises its business judgment and discretion in setting the level of compensation within pre-established ranges; and
- ◆ reviews total compensation design to assure that compensation ranges remain appropriately competitive and continue to meet the objectives described above.

Many features of the compensation program demonstrate a commitment to the long-term performance driven strategy. These include the encouragement of long-term stock ownership by executive officers and the vesting of stock option grants over a five-year period which ensures a long-term focus on results.

Competitive Market Assessments

The MRCC periodically reviews market compensation levels amongst the Corporation's comparative group (as described below) to determine whether total compensation for its executive officers remains in the targeted median pay range (as described below) and makes adjustments when necessary. This review includes assessment of base salary, annual incentives and long-term incentives.

Our compensation policy is to set target levels consistent with the median level among a group of five comparable, integrated forest product companies that are British Columbia-based, large, and publicly-held. In addition to the current pay practices of this group, from time to time, the MRCC reviews various pay surveys, including surveys of pay practices of forest products companies and comparably-sized manufacturing companies, along with general industry data for similar size companies. This information, when available, is considered by the MRCC in determining the total compensation to be paid to each executive officer. A review of our executive compensation was undertaken by the MRCC in 2011 (the "Compensation Review"). As part of the Compensation Review, the following comparator groups were used: Canfor Corporation; International Forest Products Limited; Timberwest Forest Corp.; Ainsworth Engineering Canada LP and Norbord Ltd.

Risk Management

The MRCC has considered the implications of the risks associated with our compensation policies and practices. The MRCC considered the balance between long-term objectives and short-term financial goals incorporated into our executive compensation program and whether or not Named Executive Officers are potentially encouraged to expose us to inappropriate or excessive risks. Risks, if any, may be

identified and mitigated through regular meetings of the MRCC and the Board. No risks have been identified arising from our compensation policies and practices that are reasonably likely to have a material adverse effect on the Corporation.

Hedging

We currently do not have a policy that restricts Named Executive Officers and directors from purchasing financial instruments, including prepaid variable forward contracts, equity swaps, collars or units of exchange funds that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the Named Executive Officer or director.

Key Elements of Total Compensation

Base Salaries

Base salaries of our executives are reviewed by the MRCC and approved by the Board annually to ensure that they reflect the contribution of each executive officer. Base salaries for executive officers are established with reference to market data and internal job classification as it relates to the contribution to our strategic and financial results. Several factors are considered when setting base salaries, including each executive officer's individual performance rating, level of responsibility, prior experience, and the relationship between base salaries paid to all other employees. In addition, the Corporation believes that base salaries should be based on the median level of salaries paid to similar positions at comparable companies in the forest products and other industries, adjusted for size based on sales volumes.

Annual Incentive Plan

We provide annual incentive compensation to executive officers, including the Named Executive Officers, through our short-term incentive plan. The Annual Incentive Plan (the "AIP"), was expanded to include all salaried employees in 2011. The AIP is based on a corporate financial target, return on capital employed ("ROCE"), and individual performance.¹ The AIP is designed to foster an environment of continuous improvement based on key performance indicators of the business and recognize collective and individual performance directly related to our financial and strategic goals. Amounts paid are based on the following formula:

Annual Salary x Target Award⁽²⁾ % x [(2/3 x Company Factor) + (1/3 x Individual Factor)]⁽¹⁾

- (1) The Company Factor will be zero if ROCE is 4% or less and will cap out at 2.0 with a ROCE of 30% or above. The Individual Factor will be zero if performance is less than 0.6 (below expectations) and will cap out 2.0 (exceptional). For an employee to be eligible for an award, both the corporate and individual factors must achieve at least the minimum level of performance (defined as a ROCE level of 5% which equates to a Company Factor of 0.25 and an individual performance factor of 0.6). The MRCC reviews our financial performance as part of the award setting process.
- (2) Target awards, expressed as a percentage of base salary, have been established for all salaried employees. Target awards reflect competitive practices in the market for similar positions. Targets for executive officers range from 30% to 50% of base pay. For all other salaried employees the target award ranges from 5% to 20%, depending on pay grade.

The target awards for Named Executive Officers, as a percentage of base salary, are as follows:

<i>Named Executive Officer</i>	<i>Target Award</i>	<i>Maximum Bonus Opportunity</i>
Dominic Gammiero ⁽¹⁾	-	-
Donald Demens	50%	100%
Brian Cairo	40%	80%
Bruce St. John	30%	60%
Anton Peiffer	30%	60%
Tony Sudar	30%	60%

(1) Mr. Gammiero does not participate in the Corporation's compensation program – see Summary Compensation Table.

¹ ROCE is a non-IFRS measure. See "Performance and Non-International Financial Reporting Standards ("IFRS") Measures" on page 31 which includes a definition of ROCE.

Long-Term Incentive Plan

We believe it is important that the interests of senior management be aligned with the interests of shareholders. Our Long-Term Incentive Plan is intended to reward management based on increases in the value of our Common Shares. The purpose of this arrangement is to achieve an alignment of interest between shareholders and management and to motivate executives to improve our financial success, measured in terms of enhanced shareholder value over the long-term. The Long-Term Incentive Plan consists of a Stock Option Plan and a Deferred Share Unit Plan as described below.

Stock Option Plan

Our Stock Option Plan (the "Option Plan") was adopted in 2004 and is administered by the Board with the assistance of the MRCC in accordance with our compensation policies and the policies of the Toronto Stock Exchange ("TSX").

The purpose of the Option Plan is to advance the interests of the Corporation in the following ways:

- ◆ align the interests of executives and shareholders in the success of the Corporation through increases in the value of our Common Shares;
- ◆ provide an additional incentive in lieu of cash remuneration thereby encouraging retention of executives as a result of the vesting provisions; and
- ◆ attract new executives by remaining competitive in terms of total compensation arrangements.

A limited number of executive officers are eligible to receive stock options ("Options"). To determine the size of grants, we take into consideration competitive market practices among Canadian forest industry firms. This includes the comparator group used as part of the Compensation Review as discussed on Page 10, and a wider grouping of industrial companies. The exercise price for Options granted pursuant to the Option Plan will be determined on the date of the grant, which price may not be less than the market value.

The Option Plan permits the granting of Options up to a maximum of 20,000,000 Common Shares (representing approximately 5.1% of the issued and outstanding Common Shares as of the date hereof). All Option grants are approved by the Board on the recommendation of the MRCC. Stock Option awards encourage long-term stock ownership and align management's interests with those of our shareholders through the following features:

- ◆ Options are issued "at the money" such that the strike price of the Option is equal to the market value of our Common Shares at the time of issuance, to ensure the executives will receive a benefit only when the stock price increases; and
- ◆ Options are subject to vesting requirements. Under the current terms of the Option Plan, outstanding Options may be exercised for up to 10 years, subject to vesting at the annual rate of 20% per year beginning on the first anniversary of the date of grant. Unless otherwise determined by the Board, Options cease to be exercisable after the date of termination of the Optionee's position as a director, officer, employee or consultant (as the case may be), for any reason other than death, retirement, early retirement, sickness or disability.

On February 20, 2014, options to purchase a total of 2,300,000 Common Shares were granted (Mr. Demens, 600,000; Mr. Cairo, 350,000; Mr. Peiffer, 375,000; Mr. St. John, 195,000; Mr. Sudar, 210,000; Mr. Cass, 195,000 and Ms. Janzen, 375,000).

For each of the Options granted as described above, the option exercise price is the market value of the Common Shares at the close of trading on the day immediately preceding the grant date. The Options are only exercisable if the share price at the time of exercise is in excess of \$0.70 per Common Share for 60 consecutive days on a volume weighted average price basis.

Deferred Share Unit Plan

A Deferred Share Unit Plan ("DSUP") for independent directors and executive officers designated by the MRCC has been in place since 2007. The DSUP is designed to focus the executive officers and directors on the long-term interests of the Corporation and growth in shareholder value. Designated executives are encouraged to elect to receive all or a portion of their AIP compensation in the form of deferred share units ("DSUs"). DSUs are intended to align management with shareholder interests and enhance the

retention and commitment of participants to increasing long-term shareholder value by allowing executive officers and directors an opportunity to invest in Western and allow them to benefit from increases in the price of our Common Shares. Executives must make an irrevocable election to participate in the DSUP prior to the end of each fiscal year to which the AIP compensation applies.

The DSUP is directed by the MRCC. One DSU has a value equal to one Common Share. The number of DSUs allotted is determined by dividing the dollar value of the portion of the AIP compensation that the executive previously elected to take in DSUs by the volume weighted average share price of our Common Shares over the five trading days on the TSX preceding the specified date. At the discretion of the MRCC, the number of DSUs to be allotted to the executive may be increased by a factor of up to two. Unless otherwise determined by the Board, vesting of the DSU is immediately upon allotment. Named Executive Officers elected to receive 45,931 DSUs in lieu of an AIP payment in cash for 2013 (see "Summary Compensation Table" on Page 16).

In 2013, the Corporation introduced dividend payments to shareholders. Holders of DSUs are eligible to receive additional DSUs to reflect any cash dividend declared on shares of the Corporation during the term of the Participants participation in the Plan. The number of additional DSUs to be allocated is determined by dividing the aggregate dollar value of the declared dividend that would have been paid to the Participants if the number of DSUs held on the relevant record date for dividends had been shares, by the market price on the payment date of such dividend. In 2013 and in keeping with Article 8c Named Executive Officers received 7,903 DSU's.

DSUs can only be redeemed for cash after cessation of employment with the Corporation. Participants are eligible to redeem all vested DSUs. The value of the DSUs on redemption is based on the closing price of our Common Shares, on the date the notice of redemption is received from the executive, or if no notice of redemption is received, on November 30th in the year following the year of the termination of employment and if that is not a trading day on the TSX, the next trading day.

One director elected to take 44% of his director's fees earned in 2013 in the form of DSUs for 2013 (see the section titled "Deferred Share Unit Plan for Non-Management Directors" on Pages 20 and 21 for further information).

Retirement and Other Benefits

Retirement Benefits

There are two funded industry defined benefit pension plans, two unfunded defined benefit pension plans, a funded defined contribution pension plan and several voluntary group retirement savings plans, all of which provide retirement benefits to substantially all of our salaried employees and certain hourly employees. In addition, we provide other unfunded retirement and post-employment benefits to certain former salaried and hourly employees.

The defined benefit pension plans ("DB Plans I & II") were closed effective December 31, 2010, with no further contributions for current or credited service being made to the DB Plans I & II by the Corporation. However, as the former members of DB Plan's I & II have a future pension benefit entitlement from the plans, Western is responsible for ensuring that the DB Plans I & II investments are monitored and that any funding shortfalls are addressed.

With the closure of DB Plans I & II, the former members became eligible to join our existing defined contribution pension plan (the "WFP Plan III" or "DC Plan"). As of January 1, 2011, substantially all existing salaried employees, including Named Executive Officers are members of our DC Plan and all new salaried employees also participate in the DC Plan.

For executive officers and salaried employees who participate in the DC Plan, the Corporation contributes 7% of each participant's base salary, up to the maximum contribution allowed under the *Income Tax Act* (Canada) (the "ITA Limit").

Pension benefits derived from the DB Plans I & II are based on final average earnings at the time the member leaves the Corporation and credited service up to December 31, 2010. Under the DB Plans I & II, the normal retirement age is 65, but a member may retire and collect a pension benefit up to 10 years prior to the age of 65. If a member retires before the age of 65 and receives a pension, his or her pension

will be reduced. If a DB Plan I member retires before the age of 65, he or she will receive a bridging benefit for service up to June 30, 2006. Apart from the bridging benefit, which terminates at age 65, pensions are paid for life with a guarantee of at least five years' payment should the retired member die within five years of retirement. Benefits payable under the DB Plan I & II are limited to the ITA Limit.

Finally, the corporation also maintains a Supplementary Retirement Plan (the "WFP SERP"). The WFP SERP provides a pension supplement to executive officers who are also members of the DB Plans I and previously designated as participants by the Board in order to provide pension benefits to the level that members would receive if no ITA Limit was in place. Pensionable earnings and benefits for eligible executive officers, as supplemented by the WFP SERP are calculated upon the same basis as benefits and earnings under the WFP DB Plans I & II with the exception that the ITA Limit does not apply. The WFP SERP is funded from general operations.

Other Benefits

All salaried employees, including executive officers, are eligible to participate in various other benefits including: health and dental coverage, life insurance, disability insurance, paid leave and paid holidays. These benefits are designed to be competitive with market practices.

INCENTIVE AND EQUITY-BASED COMPENSATION POLICIES AND GUIDELINES

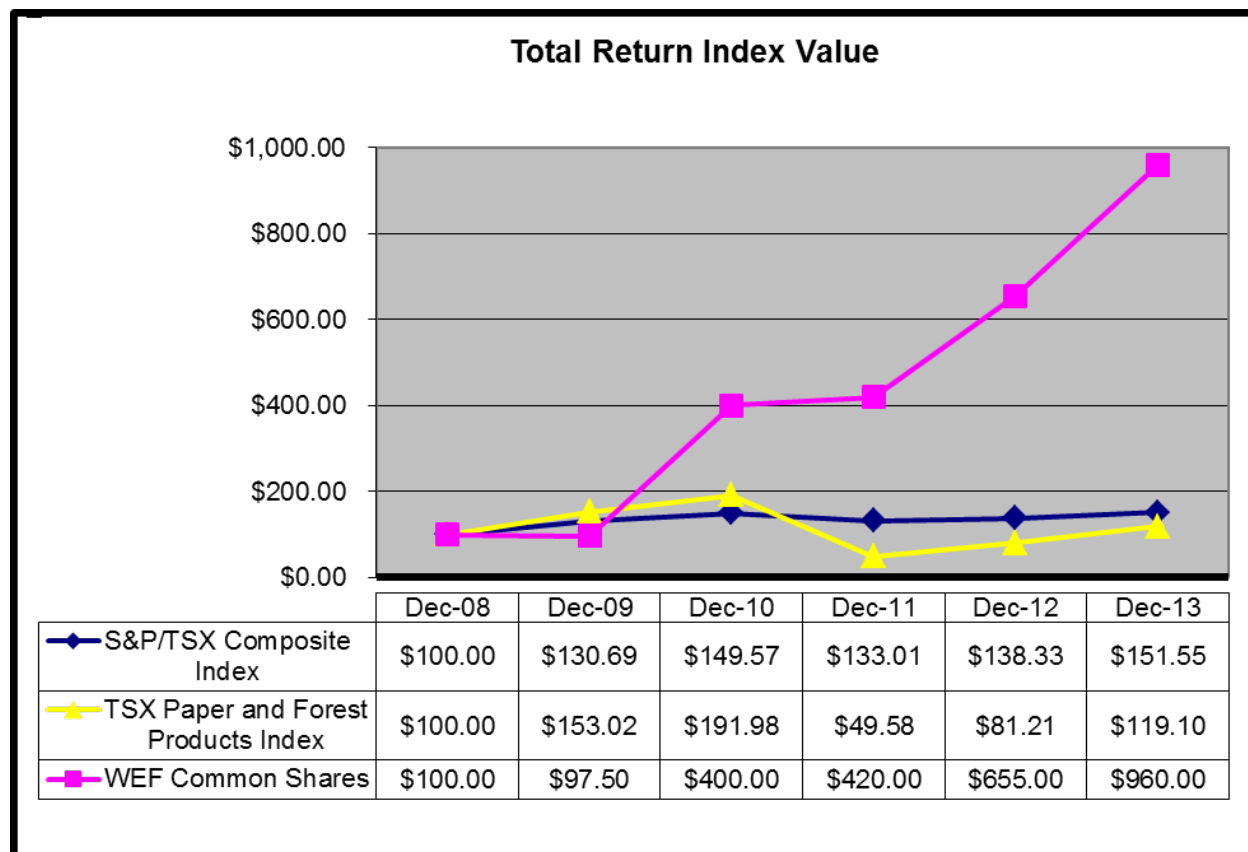

Share Ownership – Disclosure

All executive officers are prohibited from trading in our securities or entering into transactions through participation in the Option Plan unless such transactions are executed and disclosed in full compliance with the Corporation's Code of Business Conduct and Ethics, Communication Policy and Insider Trading Policy and all relevant securities regulations and laws. An executive who violates these policies may face disciplinary action including possible termination of employment. The violation of these policies may also violate certain securities laws. If the Corporation discovers that an executive has violated any securities laws, the matter may be referred to the appropriate regulatory authorities, which could lead to penalties and fines.

Performance Graph

The graph below compares our total shareholder return over the last 5 years ending December 31, 2013 to the performance of the S&P/TSX Composite Index and the TSX Paper and Forest Products Index. The graph assumes that \$100 was invested on December 31, 2007 in our Common Shares, the TSX Paper and Forest Products Total Return Index and the S&P/TSX Composite Total Return Index, respectively. The computations assume that all dividends are reinvested.

**Cumulative Total Return on \$100 Investment
Five Years Ended December 31, 2013**

Note: The decline in the TSX Paper and Forest Products Index between 2010 and 2011 reflects the fact that Sino Forest Corporation, which constituted a significant part of the index, was removed from the index prior to the end of 2011.

The performance of our share price relative to the S&P/TSX Composite Total Return Index and the TSX Paper and Forest Products Total Return Index has improved over the last four years. Worldwide markets for our products has improved. Compensation paid to the Named Executive Officers increased in 2013 reflects improvements in the Corporation's performance as well as the general strengthening in the overall market.

- (1) The amount in this column for each NEO reflects the dollar amount of base salary earned in each of the three financial years, including salary increases, if any.
- (2) The NEOs may elect to take a portion of their annual incentive bonus in the form of DSUs. The number of DSUs allotted is determined by dividing the dollar portion of the bonus that the Named executive Officer elected to take in DSUs by the volume weighted average price of the Corporation's common shares for the five trading days prior to the issue notification date [Messrs. Demens and Cairo were issued 38,760 and 7,171 DSUs, respectively, at a price of \$2.58 per DSU]. During 2013, NEOs were awarded 7,903 DSUs following the payment of dividends on its shares as described on Page 13. These are not reflected in the Summary Compensation Table above.
- (3) Options are granted at fair market value. A Hull-White Option pricing model was used to estimate the grant date fair value of the Option awards. For 2013 the model assumed: (i) expected volatility rate of 60.0%; (ii) an exercise price equal to the closing price of our Common Shares on the grant date; (iii) an expected Option term of 10 years, representing the period of time that the Options are expected to be outstanding; and (iv) risk free interest of 3.4%. The Options are only exercisable when the share price exceeds \$0.70 for 60 consecutive days on a volume weighted average price basis.
- (4) The Annual Incentive Plan is described on Page 11. The amounts included for 2013 were paid in February 2014. Messrs. Demens and Cairo elected to receive 25% and 10%, respectively, of their awards in the form of DSUs (see(2) above).
- (5) Includes all compensation relating to a defined contribution pension plan or a personal registered retirement saving plan. (Mr. Cairo also has an entitlement to a defined benefit pension benefit, included here).
- (6) The amounts shown in this column represent the premiums for executive life insurance payable by the Corporation, with the exception of Mr. Gammiero (see Note 7). Other amounts paid have not been disclosed as they fall below the disclosure threshold requirements.

- (7) Mr. Gammiero was appointed Chief Executive Officer of Western on October 9, 2010, a role he held until the appointment of Don Demens as President and CEO on February 21, 2013. Mr. Gammiero continued in his role as Chairman of the Board until his retirement on February 21, 2014. Mr. Gammiero received no compensation from Western in connection with his role as Chief Executive Officer during 2013, 2012, and 2011. Since July 1, 2011, Western has been charged by BSSML for Mr. Gammiero's services. The amounts included in "All Other Compensation" represent payments made to BSSML on account of Mr. Gammiero's services as a director of the Corporation during, 2011, 2012 and 2013, and of \$240,000 for his services as Chief Executive Officer during 2012 and \$120,000 in 2011.
- (8) Donald Demens was appointed President and Chief Executive Officer of Western Forest Products Inc. on February 21, 2013. Prior to his appointment, Mr. Demens was President of Western.
- (9) Anton Peiffer was hired on July 30, 2012 as General Manager, Log Sales. On March 21, 2013 he was promoted to Vice President Log Sales and Marketing.

TERMINATION AND CHANGE OF CONTROL BENEFITS

Western entered into employment agreements with Messrs. Demens, Cairo, St. John, Sudar and Peiffer. These employment agreements contain severance provisions providing that in the event of a material change in control of Western, defined as a person other than the current principal shareholder (and/or its affiliates) acquiring control over greater than 50% of the Common Shares, and are not offered employment on substantially the same terms and conditions resulting in at least the same compensation as defined in their employment agreements, will be entitled for a period of six months thereafter to resign their employment and receive a lump sum payment. These payments are, in the case of Messrs. Demens, Cairo, St. John and Peiffer equal to 14 months' base salary. Under all four agreements, any issued stock options vest on a change of control and may only be exercised within 90 days after leaving the Corporation. As of December 31, 2013, in the event of a material change of control as defined, Messrs. Demens, Cairo, St. John, Sudar and Peiffer would be entitled to base salary payments of \$466,667, \$326,667, \$227,500, \$245,000 and \$215,833, respectively.

See the discussion under the table "Securities Authorized for Issuance Under Equity Compensation Plans as at December 31, 2013" for further information with respect to the treatment of Options under different scenarios on ceasing employment with the Corporation.

Mr. Doney elected to take 44% of his directors fees earned during 2014 in the form of DSUs.
- (3) In February 2014, Mr. Gammiero received a retirement payment in the amount of \$1.0 million in recognition for his service to the Company. He served as a director for almost 8 years, of which 5 were as Chairman, and he also served as CEO for more than 3 years over this period.

Compensation Arrangements

Our Directors, who are not officers or employees, are compensated for their services as directors through a combination of retainer fees and meeting-attendance fees. For 2014, our Board has approved an annual retainer fee to be paid to such non-management directors (other than the Chairman of the Board) of \$50,000 and an annual retainer fee to be paid to the Chairman of \$80,000. In addition, our Board has approved the payment of a fee of \$15,000 per annum to the Chairman of the Audit Committee, and \$5,000 per annum to the Chairman of all other standing committees of the Board, and Directors receive a fee of \$1,000 for each Board and standing committee meeting attended.

Fees for participation on any special committees established by the Board are determined by the Board at the time the work of the special committee is completed.

Directors are reimbursed for travel and other out-of-pocket expenses incurred in attending Board or committee meetings.

Deferred Share Unit Plan for Non-Management Directors

Our Independent directors (the "non-management directors") may elect to take a portion of their directors' fees in the form of DSUs. The number of DSUs allotted is determined by dividing the dollar value of the portion of the fees that the director previously elected to take in DSUs by the closing price of our Common Shares on the fifth day following the quarter end with respect to which the directors fees are payable, and if that is not a trading day on the TSX, the next trading day. At the discretion of the MRCC, the number of DSUs to be allotted to the director may be increased by a factor of up to two. Following termination of Board service by a director, DSUs are redeemed for cash based on the fair market value of our Common Shares as described under the DSUP noted above.

The following table sets forth details of the value vested for each director who elected to take all or a portion of their directors fees in DSUs during the financial year ended December 31, 2013 on an aggregate basis:

<i>Name</i>	<i>Deferred Share Units – Value Vested During the Year ⁽¹⁾</i>
Lee Doney	\$25,938

- (1) Represents the aggregate dollar value of DSUs earned during the year and includes, 1,648 DSUs that were earned for the quarter ended December 31, 2013 that were determined based on a January 5, 2014 closing market price for Western's Common Shares of \$2.01 per share, as required by the terms of the DSUP. DSUs can only be redeemed for cash after termination of Board service by a director. The total number of DSUs issued and outstanding held by Mr. Doney at December 31, 2013 is 585,649 with a market value of \$1,124,446. During 2013, Mr. Doney was awarded 22,926 DSUs following the payment of dividends on its shares as described on Page 13, which is not included in the total above.

Our Option Plan was adopted in 2004 and amended on May 10, 2007, May 8, 2008, June 3, 2011 and May 8, 2013. The Option Plan is administered by the Board with the assistance of the MRCC in accordance with our compensation policies and the policies of the TSX.

The Option Plan permits the granting of Options in accordance with the terms of the Option Plan to eligible participants to purchase up to a maximum of 20,000,000 Common Shares (representing approximately 5.1% of the issued and outstanding Common Shares as of the date hereof). In addition to the 13,016,795 Options outstanding at December 31, 2013, a further 2,300,000 Options were granted on February 20, 2014, and 720,000 options were exercised in February and March, 2014. Hence there are Options to purchase 14,596,795 Common Shares (representing approximately 3.7% of the issued and outstanding Common Shares as of the date hereof) that have been granted to eligible participants and are outstanding, 1,200,000 Common Shares that have been issued pursuant to the exercise of Options, and a total of 4,203,205 Common Shares that will remain available under the Option Plan. Options which have expired, were cancelled or otherwise terminated without having been exercised are available for subsequent grants under the Option Plan.

The Option Plan provides that the Board may from time to time grant Options to acquire Common Shares to any participant who is an employee, officer or director of Western or its affiliates or a consultant to the Corporation or its affiliates. The Options are non-assignable and non-transferable otherwise than by will or by laws governing the devolution of property in the event of death. Each Option entitles the holder to acquire one Common Share, subject to certain adjustments. The exercise price for Options granted pursuant to the Option Plan will be determined by the Board on the date of the grant, which price may not be less than the market value. "Market value" is defined under the Option Plan as the closing price of our Common Shares on the TSX on the trading day immediately preceding the grant day and if there is no closing price, the last sale prior thereto. The term of the Options granted is determined by the Board, which term may not exceed a maximum of ten years from the date of the grant. Pursuant to the Option Plan, additional terms and conditions, including vesting requirements, may be imposed by the Board on

Options granted. The Option Plan does not contemplate that the Corporation will provide financial assistance to any optionee in connection with the exercise of the Option.

The total number of Common Shares that may be reserved for issuance to any one participant pursuant to Options granted under the Option Plan may not exceed 5% of the Common Shares outstanding (on a non-diluted basis) on the grant date of the Options. The maximum number of Common Shares that may be issued to the Corporation's insiders and their associates pursuant to Options granted under the Option Plan within any one-year period, when taken together with the number of Common Shares issued to such insiders and their associates under our other previously established or proposed share compensation arrangements, may not exceed 10% of the issued and outstanding Common Shares on a non-diluted basis at the end of such period and, in the case of any one insider and his associates, may not exceed 5% of such issued and outstanding Common Shares. The maximum number of Common Shares that may be reserved for issuance under Options granted to insiders and their associates under the Option Plan together with the number of Common Shares reserved for issuance to such insiders and their associates under other previously established or proposed share compensation arrangements may not exceed 10% of the issued and outstanding Common Shares on a non-diluted basis at the grant date of the Options.

Unless otherwise determined by the Board, if the holder of the Option ceases to be an eligible participant under the Option Plan:

- (a) for any reason other than death, retirement, early retirement, sickness or disability, the Options held by the participant terminate;
- (b) as a result of retirement (other than early retirement), Options that are held by the participant that have vested continue in force;
- (c) by reason only of early retirement as permitted under the provisions of our pension plan, Options that are held by the participant that have vested continue in force; and
- (d) as a result of death, the legal representatives of the participant may exercise the Options that are held by the participant within six months after the date of the participant's death to the extent such Options were by their terms vested and exercisable as of the date of the participant's death or within the period of six months following the participant's death;

but for greater certainty no Option shall be exercisable after the expiry of the option period applicable thereto.

The Option Plan also provides that if an Option expires:

- (a) within a self-imposed black-out period. The expiry date will be a date which is ten business days after expiry of the black-out period; or
- (b) within nine business days after the end of a self-imposed black-out period. The expiry date will be a date which is ten business days after expiry of the black-out period less the number of business days between the date of expiry of the option and the date on which the black-out period ends.

The expiry dates for black-out periods are fixed under the Option Plan and are not subject to the discretion of the board of directors.

The Board may, subject where required to securities regulators' and/or TSX and security holder approval, from time to time amend, suspend or terminate the Option Plan in whole or in part. The directors also have the right, in their absolute discretion, to amend the Option Plan or any Option without shareholder approval to make the following changes:

- (a) amending the time or times that the Common Shares subject to each Option will become purchasable by an optionee, including accelerating the vesting terms, if any, applicable to an Option;
- (b) amending the process by which an optionee who wishes to exercise his or her Option can do so, including the required form of payment for the Common Shares being purchased, the form of exercise notice and the place where such payments and notices must be delivered;

- (c) reducing the exercise price or extending the term of an Option, other than an Option held by an insider of the Corporation;
- (d) amending the terms of the Option Plan relating to the effect of termination, cessation or death of an optionee on the right to exercise Options (including Options held by an insider of the Corporation);
- (e) making any amendments of a typographical, grammatical or clerical nature; and
- (f) making any amendments necessary to bring the Option Plan into compliance with applicable securities and corporate laws and the rules and policies of the TSX.

Amendments which reduce the exercise price or extend the term of an Option held by an insider or which increase the fixed maximum number of Common shares issuable under the Option Plan will require shareholder approval.

The Option Plan is available at www.sedar.com under our name and a copy may also be obtained by any shareholder by request to our Corporate Secretary at 250-748-3711.

PART FOUR – STATEMENT OF CORPORATE GOVERNANCE PRACTICES

This section provides information about our corporate governance practices as required by the policies and rules of the Canadian Securities Administrators (“CSA”).

Corporate governance relates to the activities of the members of the Board who are elected by and are accountable to the shareholders, and takes into account the role of management who are appointed by the Board and who are charged with our ongoing management. The Board encourages sound corporate governance practices designed to promote the well-being and our ongoing development, having always as its ultimate objective our best long-term interests and the enhancement of value for all shareholders. The Board also believes that sound corporate governance benefits our employees and the communities in which we operate.

The Board is of the view that our corporate governance policies and practices, outlined below, are comprehensive and consistent with the corporate governance guidelines outlined in National Policy 58-201 – Corporate Governance Guidelines.

BOARD OF DIRECTORS

Mandate of the Board

The Board oversees the management of our affairs either directly or through its standing committees as described below. In doing so, the Board acts at all times with a view to the best interests of Western and our shareholders. The responsibilities of the Board and each committee of the Board are set out in written charters. A copy of the Board’s charter is attached as Appendix A to the Information Circular.

In fulfilling its mandate, the Board is responsible, among other matters, for the following: reviewing our overall long-term business strategies and its annual business plan; reviewing our principal business risks to assess whether these risks are within acceptable limits and the appropriate systems are in place to manage these risks; reviewing major strategic initiatives to determine whether our proposed actions accord with long-term shareholder objectives; appointing the Chief Executive Officer and other members of senior management and reviewing succession planning; assessing management’s performance against approved business plans; reviewing and approving the reports issued to shareholders, including annual and interim financial statements; promoting the effectiveness of the board of directors; and safeguarding shareholders’ interests.

Meetings of the Board

The Board meets at least once each quarter, with additional meetings held when appropriate. During 2013, there were four regularly scheduled meetings and eight meetings to review specific matters. Four regular meetings are scheduled for 2014. Meeting frequency and agenda items may change depending on

the opportunities or risks faced by the Corporation. The agenda for regularly scheduled Board meetings is prepared by the Chairman.

Size, Composition and Independence of the Board

Following the retirement of Mr. Gammiero on February 21, 2014, the Board currently consists of six directors, all of whom will be standing for re-election at the Meeting. Mr. Nocente has been nominated to stand for election at the meeting, and, if all nominees are elected, the Board will consist of seven directors. This is within the minimum and maximum number range set out in our articles, and which the Corporation considers to be appropriate at this time. A majority of the directors are independent as defined in NI 58-101 Disclosure of Corporate Governance Practices, including Messrs. Arthurs, Gordon, McNeil, Newman and Nocente. Messrs. Demens and Doney are non-independent directors.

The Board reviewed the relationships between each of its director nominees and the Corporation and has determined that the proposed list of director nominees fairly represents the share ownership interests in the Corporation and the requirements for director independence under Canadian securities legislation. In reaching this conclusion, the Board considers that Mr. Demens is related to the Corporation due to his position as Chief Executive Officer of the Corporation. Effective January 1, 2011, Mr. Doney, who had since November 2008 acted in a non-executive capacity as Vice Chairman of the Board and effective February 21, 2014 as Chairman of the Board, began providing certain management services to the Corporation under a consultancy arrangement; accordingly he is not considered an independent director. The remaining director nominees, Messrs. Arthurs, Newman and Nocente have, in the view of the Board, no material relationships or interests that could interfere with their independence as directors, and thus are considered to be independent as defined in NI 58-101.

Messrs. Gordon and McNeil (collectively, the “BSS Directors”) are officers and/or directors of BAM and/or its subsidiaries or related entities. BAM has a number of relationships with the Corporation as described under the sections titled “Common Shares and Principal Holders Thereof” and “Interest of Management and Others in Material Transactions”. The Board considers that these relationships with BAM affiliates are not an interest or a business or other relationship that could, or could reasonably be perceived to, interfere materially with the BSS Directors’ ability to act with a view to the best interests of the Corporation, other than interests and relationships arising from shareholding. Accordingly, Messrs. Gordon and McNeil are considered to be independent as defined in NI 58-101. The Board also considers that two director nominees (which constitutes 29% of the seven directors) fairly reflects the relative investment of BAM and its related entities (controlled through BSSML) and other shareholders in the Corporation. Where required by the CBCA and applicable securities laws, the transactions with BAM and its related entities described herein were approved by the independent directors who are not BSS Directors.

It is the policy of the Board that all Board meetings and committee meetings include a session without the presence of management and related directors. In the case of the Audit Committee, each meeting includes a session with only the external auditors and the committee members.

Directors Sitting on the Boards of Other Reporting Issuers

Certain of our directors serve as directors on boards of other reporting issuers in Canada or a foreign jurisdiction as set out below:

<i>Director</i>	<i>Reporting Issuer</i>

The following table lists the directors who served together as directors on the boards of other corporations during the financial year ended December 31, 2013:

<i>Director</i>	<i>Name of Corporation</i>

J. Peter Gordon Pierre McNeil	Ainsworth Lumber Co. Ltd.

Nomination of Directors

Each year, the Nominating and Corporate Governance Committee reviews the composition of the Board, assesses Board performance and the contributions of individual directors and, if appropriate, identifies new candidates and makes recommendations to the Board for nominees for election as directors. In that regard, the committee considers: the competencies and skills that are considered to be necessary for the Board, as a whole, to possess; the competencies and skills that each existing director possesses; the competencies and skills each new nominee will bring to the boardroom and whether the nominees can devote sufficient time to the Corporation and the Board; and the performance of existing directors.

Director Orientation and Continuing Education

The Board has established an orientation and continuing education program for directors to ensure they are equipped to fulfill their roles. New directors are provided with comprehensive information about the Corporation prior to their appointment that includes annual reports, management information circulars and strategic and operating plans. Shortly after becoming a director, new directors are invited to tour our operations and spend time at the head office for personal briefings by senior management on our strategic plan, major risks and other key business matters.

Informative updates by appropriate senior management and consultants on our business, operations and products are regularly scheduled for presentation to directors to help them understand our business environment, strategies and operations. In addition, all directors have the opportunity to meet and participate in work sessions with management to obtain further insight into the operations and our business. Directors also receive and review materials on industry trends and regulatory updates from management and other sources on a regular basis.

Periodically, directors are invited to visit our operations at various locations to tour the facilities and to meet with employees and local dignitaries.

Directors are free to consult with members of management, whenever they so require, and to engage outside advisors at the expense of the Corporation subject to approval of the Chairman or a majority of the independent Board members. Directors may participate in outside professional development programs approved by the Chairman at the expense of the Corporation. Each committee is also authorized to engage outside advisers at the Corporation's expense.

Committees of the Board

Board committees assist in the effective functioning of the Board. All Board standing committees are comprised primarily of independent directors (all directors are independent except for Mr. Doney following execution of the consultancy agreement with the Corporation, and Mr. Demens, due to his current role as President and Chief Executive Officer of the Corporation), which ensures that the views of independent directors are effectively represented. The Board currently has four standing committees: the Audit Committee, the Nominating and Corporate Governance Committee, the Environment, Health and Safety Committee, and the MRCC. We have also established a Disclosure Committee, which is composed of the Chairman of the Board, the Chairman of the Audit Committee and the Chief Financial Officer (who is not a director of the Corporation). Special committees may be formed from time to time as required to review particular matters or transactions. All Board members have an open invitation to attend any committee meeting.

Audit Committee

The Audit Committee assists the Board in meeting its fiduciary responsibilities relating to corporate accounting and reporting practices. The Audit Committee is responsible for reviewing our quarterly and annual financial statements and management's discussion and analysis prior to their approval by the Board and release to the public. The Audit Committee is also responsible for appointing our external auditors, subject to the approval of the Board and shareholders, and for pre-approving the fees associated with any non-audit work to be performed by the external auditors. Each meeting of the Audit Committee includes a session with only the external auditors and the committee members. The Board reviews the terms of reference of the Audit Committee on a regular basis and updates such terms of reference as legislation governing audit committees changes and best practices are established. At March 31, 2014, the Audit Committee was comprised of Messrs. Arthurs (Chairman), Gordon and Newman. The Board considers all three members of the Audit Committee to be independent and financially literate under the standards established by Canadian securities regulatory authorities in National Instrument 52-110 - Audit Committees. Additional information on the Audit Committee, including the Audit Committee's charter can be found in our Annual Information Form, under the heading "Audit Committee", which is posted on our website at www.westernforest.com or can be found on SEDAR at www.sedar.com.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee is responsible for assisting the Board in the development and monitoring of our corporate governance practices. Its duties include the identification and recommendation of potential nominees or appointees to the Board, and the assessment of the effectiveness of the Board, its size and composition, its structure and the individual performance of its directors. The Nominating and Corporate Governance Committee also has responsibility for the review of our Disclosure Policy and Code of Business Conduct. At March 31, 2014, the Nominating and Corporate Governance Committee was comprised of Messrs. Newman (Chairman), Arthurs, Gordon and McNeil. All of the members of this committee are independent. A copy of the Nominating and Corporate Governance Committee charter can be found on our website at www.westernforest.com.

Environment, Health and Safety Committee

The mandate of the Environment, Health and Safety Committee is to assist the Board in carrying out its responsibilities with respect to environmental, health and safety issues. The Environment, Health and Safety Committee reviews compliance with relevant Board resolutions and with our environmental, health and safety policies, and assesses the effectiveness of our environmental management processes and health and safety programs including the review of internal audits of these processes and programs. At March 31, 2014, the Environment, Health and Safety Committee was comprised of all members of the Board, with Mr. Doney acting as Chairman. A copy of the Environment, Health and Safety Committee charter can be found on our website at www.westernforest.com.

Management Resources and Compensation Committee ("MRCC")

The MRCC assists the Board with respect to our compensation and benefits policies and practices. In particular, the MRCC: recommends to the Board persons to be appointed as our executive officers; assesses the performance of the Chief Executive Officer against agreed-upon targets and recommends his compensation to the Board; approves the compensation levels for other executive officers; reviews overall compensation plans for executive officers and recommends changes thereto to the Board; and oversees the funding, investment management and administration of our employee retirement plans, as delegated to our Pension Committee. At March 31, 2014, the MRCC was comprised of Messrs. McNeil (Chairman), Gordon and Newman. All of the members of this committee are independent. A copy of the Management Resources and Compensation Committee charter can be found on our website at www.westernforest.com.

Disclosure Committee

The Disclosure Committee is responsible for overseeing the establishment, maintenance and implementation of our disclosure controls and procedures and supervising and participating in the evaluation of our disclosure controls and procedures. At March 31, 2014, the Disclosure Committee was comprised of Messrs. Doney (Chairman), Demens and Cairo (who is CFO but not a director). A copy of the Disclosure Committee charter can be found on our website at www.westernforest.com.

Board Evaluation

The Board, its committees and individual directors are regularly assessed with respect to their effectiveness and contribution. The assessment considers: (a) compliance with the Board's mandate; (b) the charter of each committee of the Board; and (c) the competencies and skills that the individual director brings to the Board.

BOARD AND MANAGEMENT RESPONSIBILITIES

Effective February 21, 2013, the positions of Chairman of the Board and Chief Executive Officer were separated. These positions are currently held by Lee Doney and Don Demens, respectively. Mr. Gordon has been designated by the Board as independent lead director. Additionally, the independent directors meet without management in attendance as they see necessary. Standing board committees are comprised primarily of independent directors (all directors are independent with the exception of Messrs. Doney and Demens). The Board has developed written position descriptions for the Chairman of the Board and the Chairman of each Board committee. In addition, the Board and Chief Executive Officer have developed a written position description for the Chief Executive Officer. The duties and responsibilities of the Chairman and Chief Executive Officer are set out in the Board's mandate attached as Appendix A to this Circular. Our Board has also developed and approved the corporate goals and objectives that the Chief Executive Officer is responsible for meeting.

The Chairman is generally responsible for managing the affairs of the Board and ensures that the functions identified in its mandate are being carried out effectively. In addition the Chairman is responsible for: preparing the agenda for each Board meeting in consultation with the Chief Executive Officer and Chief Financial Officer; ensuring that all directors receive the information required for the proper performance of their duties; presiding over all meetings of the Board and ensuring that there is adequate time for discussion of relevant issues and for members of the Board to meet without the presence of management; ensuring that the appropriate committee structure is in place and assisting the Nominating and Corporate Governance Committee in recommending appointments to such committees; together with the Nominating and Corporate Governance Committee, leading the annual review of directors, Board committees and Board performance and making recommendations for changes when appropriate; and monitoring progress on corporate governance, corporate performance and to represent the Corporation to external stakeholders.

The Chief Executive Officer provides leadership for the Corporation and is generally responsible for managing the operation, organization and administration of the Corporation, subject to approved policies and direction by the Board. The responsibilities of the Chief Executive Officer include: providing vision and leadership for the Corporation; presenting a strategic plan together with the business and financial plans for the Corporation to the Board for approval; managing the business operations in accordance with the strategic and operational policies as approved by the Board; acting as the primary spokesperson for the Corporation to all its stakeholders; presenting to the Board for annual approval an assessment of the Corporation's management resources together with recommendations on appropriate rewards and incentives; developing and implementing the systems and processes to support the policies established by the Board and reporting non-compliance to the Board on a timely basis; and fostering a corporate culture that promotes ethical practices and encourages individual integrity and social responsibility.

Management's Relationship to the Board

The primary responsibility of management is to safeguard Western's assets and to create wealth for its shareholders. In the event that management's performance is found to be inadequate, the Board has the responsibility to bring about change to enable the Corporation to perform satisfactorily.

Our senior management reports to and is accountable to the Board. At its meetings, the Board regularly engages in a private session with the Chief Executive Officer without other members of management present. The Board also meets independently of management at every meeting.

Management Accountability

The Board believes in the importance of developing strategic plans to ensure the compatibility of shareholder, Board and management views on direction and performance targets, and the effective utilization of shareholder capital. Each year, the Board reviews the strategic initiatives and annual strategic plan submitted by senior management. The Board's approval of the annual strategic plan provides a

mandate for senior management to conduct our affairs within the terms of the plan, knowing it has the support of the Board. Material deviations from the plan are reported to and considered by the Board.

Board and Committee Information

The information provided by our management to the Board is critical to the Board's effectiveness. In addition to reports presented to the Board and its committees at regular meetings, the Board is also informed on a timely basis by management of corporate developments and key decisions taken by management in pursuing Western's strategic plan and objectives. The Board periodically assesses the quality, completeness and timeliness of information provided by management to the Board.

CODES OF BUSINESS CONDUCT

The Board has adopted two written codes of conduct (the "Codes"), an Employee Code of Conduct for employees and a Code of Business Conduct and Ethics for directors and officers, prescribing the minimum moral and ethical standards of conduct required of all directors, officers and employees of the Corporation and its subsidiaries.

These Codes address the following matters:

- (a) conflicts of interest, including transactions and agreements in respect of which a director or executive officer has a material interest;
- (b) protection and proper use of corporate assets and opportunities;
- (c) confidentiality of corporate information;
- (d) fair dealing with our security holders, customers, suppliers, competitors and employees;
- (e) compliance with laws, rules and regulations; and
- (f) reporting of any illegal or unethical behaviour.

A copy of the Codes can be found on our website at www.westernforest.com or can be found on SEDAR at www.sedar.com.

We provide, on an annual basis, a copy of the Employee Code of Conduct to all salaried employees who are required to sign an acknowledgment that they have received, read and understand the contents of the Employee Code of Conduct and agree to adherence to its principles. All violations of law or of the Employee Code of Conduct must be reported. As part of the Employee Code of Conduct, we have implemented a Compliance and Code of Conduct Hotline, allowing directors, officers, employees, customers and suppliers to report, in confidence, a violation of law, the Employee Code of Conduct, or any other ethical concerns through an independent third-party ethics reporting system, called "Global Compliance". Contact information can be found on our website at www.westernforest.com.

The Nominating and Corporate Governance Committee oversees compliance with each of the Codes and policies, authorizes any waivers and confirms with management the appropriate disclosure of any waiver. Where appropriate, the Committee will also cause an investigation of any reported violation of the Code of Business Conduct and Ethics and oversee an appropriate response to any violation. The Chief Executive Officer promotes compliance with the Employee Code of Conduct, causes an investigation of any reported violations to be undertaken and determines an appropriate response to any violation.

Certain directors are directors or officers of other corporations and, to the extent that such other corporations may participate in transactions or other ventures in which we may participate, the directors may have a conflict of interest in negotiating and concluding terms respecting the extent of such participation. The Board requires that directors provide disclosure to it of all boards and committees that they are members of, and all offices held at, other issuers. Western also requires conflicts of interest to be disclosed to our Code of Business Conduct and Ethics contact person and reported to the Nominating and Corporate Governance Committee. In the event that a conflict of interest arises, a director who has such a conflict is required under the CBCA to disclose the conflict and (except in limited circumstances permitted by the CBCA), to abstain from voting for or against the approval of the matter. In addition, in

considering transactions and agreements in respect of which a director has a material interest, our Board will require that the interested person absent himself from portions of Board or committee meetings so as to allow independent discussion of points in issue and the exercise of independent judgment. In appropriate cases, we may also establish a special committee of independent directors to review a matter in respect of which directors or management may have a conflict.

COMMUNICATION POLICY

We have adopted a Communication Policy that summarizes its policies and practices regarding disclosure of material information to investors, analysts and the media. The purpose of this policy is to ensure that our communication with the investment community are timely, consistent and in compliance with all applicable securities legislation. The Communication Policy is reviewed annually and is posted on our website at www.westernforest.com.

We endeavour to keep our shareholders informed of our progress through a comprehensive annual report, quarterly interim reports and periodic press releases. It also maintains a web site that provides summary information on Western and ready access to its published reports, press releases, statutory filings and supplementary information provided to analysts and investors. Directors and management meet with our shareholders at the Annual Meeting. Senior management is available to answer questions either directly or via e-mail. Shareholders who wish to contact the Chairman or other Board members can do so directly or through our Corporate Secretary.

We maintain an investor relations program to respond to inquiries in a timely manner. Management meets on a regular basis with investment analysts and financial advisors to ensure that accurate information is available to investors on our financial results. We also endeavours to ensure that the media are kept informed of developments as they occur, and have an opportunity to meet and discuss these developments with our designated spokespersons.

Therefore, they should not be considered in isolation or as a substitute for any other financial information prepared in accordance with IFRS.

Instead, the Board should be considered as a group, with each individual making his or her own contribution.
