About Western Forest Products Inc.

Western is an integrated forest products company building a margin-focused log and lumber business to compete successfully in global softwood markets. With operations and employees located primarily on the coast of British Columbia and Washington State, Western is a premier supplier of high-value, specialty forest products to worldwide markets. Western has a lumber capacity in excess of 1.0 billion board feet from seven sawmills, as well as operates four remanufacturing facilities and two glulam manufacturing facilities. The Company sources timber from its private lands, long-term licenses, First Nations arrangements, and market purchases. Western supplements its production through a wholesale program providing customers with a comprehensive range of specialty products.
