WHY WFP TRUESTYLE 2" APPEARANCE ROUGHER HEADED IS THE BEST CHOICE

WFP TRUESTYLE two inch appearance rougher headed is part of our premier brand of outdoor living products. Favoured by architects, builders, and homeowners, it is the consistently dependable choice that brings a timeless beauty and distinctive, natural aesthetic to homes and commercial properties.

As the world's largest supplier of Western Red Cedar, all Western Forest Products cedar products are made with the highest quality fiber and craftsmanship on the market.

FINISHING & MAINTENANCE

- ▶ Western Red Cedar can be allowed to weather naturally to a silvery grey look, or a wide range of stains and coatings can be applied to ensure maximum performance.
- ▶ Allow product to acclimatize to the environment where it will be installed to avoid unwanted shrinkage or expansion.

- ▶ Fasteners with corrosion resistance should be used. Hot-dipped galvanized or stainless steel.
- ▶ Important Note: Never power-wash because it damages the wood fibres.

These recommendations are provided by the Western Red Cedar Lumber Association (WRCLA). For more information on finishing and maintenance, please visit realcedar.com
