

# Western Decking

WESTERN RED CEDAR

Western Forest Products is a trusted leader in natural wood decking and outdoor living products, known for its uncompromising quality and craftsmanship. Every product bearing the Western name meets some of the highest standards in fiber consistency and manufacturing excellence. Designed for those who value both performance and aesthetics, Western products offer a refined, natural look that supports individual style without sacrificing durability.

## WHY IS WESTERN RED CEDAR IDEAL TO WORK WITH?

**Naturally Durable** – resists rot, decay, and insects without chemicals.

**Renewable** – biodegradable and sustainably harvested.

**Cool Underfoot** – stays comfortable in direct sun.

**WESTERN**  
Forest Products

## SPECIES CHARACTERISTICS

Western Red Cedar offers unmatched warmth, natural durability, and dimensional stability, delivering a rich, authentic aesthetic. Western decking features a reversible profile with tight, attractive knots, and is available in both Kiln Dried and Green options to suit a range of project needs and preferences.

Brett Farrow Architect

2" x 4"	1-1/2" x 3-1/2"	S4SEE	Green or KD	8' – 20'	208
2" x 6"	1-1/2" x 5-1/2"	S4SEE	Green or KD	8' – 20'	128

## FINISHING AND MAINTENANCE

- Western Red Cedar can be allowed to weather naturally to a silvery grey look, or a wide range of stains and coatings can be applied to ensure maximum performance.
- For best results coat all six sides before installation.
- New cedar decking that is going to be finished should be protected from the weather before finish has been applied.
- Allow product to acclimatize to the environment where it will be installed to avoid unwanted shrinkage or expansion.
- Fasteners with corrosion resistance should be used. Hot-dipped galvanized or stainless steel.
- Maintain your decking by keeping it free of dirt and debris. Avoid leaving objects like planters on your deck over the winter.
- **Important Note:** Never power-wash a deck because it damages the wood fibres.

These recommendations are provided by the Western Red Cedar Lumber Association (WRCLA). For more information on finishing and maintenance, please visit [realcedar.com/decking/finishing-choices](https://www.realcedar.com/decking/finishing-choices).
