PricewaterhouseCoopers LLP has assessed whether the management system at

Western Forest Products Inc.
800 - 1055 West Georgia Street, Vancouver, BC Canada V6E 3P3
with sites according to Annex A

meets the requirements of the Standard noted below (the Requirements).

PEFC CAN ST 1001:2025 Sustainable Forest Management Standard

Scope of Certification

The multisite forest management processes, including planning, harvesting, road construction, silviculture and transportation of logs managed through the Timberlands Corporate and the timberland offices managing the Defined Forest Areas (DFA) of North Island, Mid-Island (by and through La-kwa sa muqw Forestry Ltd., as the general partner and for the sole benefit of La-kwa sa muqw Forestry Limited Partnership), Englewood, Port Alberni (by and through Tsawak-qin Forestry Inc., as the general partner and for the sole benefit of Tsawak-qin Forestry Limited Partnership) and Stillwater.

Management is responsible for ensuring the management system meets the Requirements. Our responsibility is limited to assessing whether management has demonstrated that the Requirements were met. Our assessment was conducted in accordance with ISO 17021 management system assessment standard and, accordingly, included examining, on a sample basis, evidence supporting management's assertion that the Requirements were met.

A description of our responsibilities for the assessment of the management system is located at www.pwc.com/ca/certificate.

Based on our assessment, the management system met the Requirements, in all material respects, as of October 13, 2026.

The validity of this certificate is subject to satisfactory annual maintenance assessments.
